

User Guide

In Admin panel you need to enable this module under
store > configuration > BlueThink Inc > Question Answer

There are few options to set Answer On Below Select
Questions to be Display, Select Answers to be Display.

The screenshot shows the Magento Admin Configuration page for the BlueThink Inc Question Answer module. The page is titled "Configuration" and has a "Scope: Default Config" dropdown. A "Save Config" button is in the top right corner. The left sidebar contains navigation links for various modules. The main content area is divided into four sections, each with a collapse/expand icon:

- General Configuration**: Contains the "Module Enable" dropdown, which is currently set to "Yes".
- Question Configuration**: Contains the "Select Questions to be Display" dropdown, which is currently set to "3".
- Answer Configuration**: Contains the "Select Answers to be Display" dropdown, which is currently set to "3".
- Section Title Configuration**: Contains the "Section Title" text input field, which is currently set to "Question Answer". There is a checkbox labeled "Use system value" which is checked.

The footer of the page includes the Magento logo, copyright information, and the version number "Magento ver. 2.4.6-p3".

You Can add manually Question in backend.

Bluethinkinc -> Question -> Add New Question

The screenshot shows the 'Add New Question' form in the Bluethinkinc backend. The form is located in the main content area of the dashboard. The left sidebar contains a navigation menu with icons for Dashboard, Sales, Catalog, Bluethinkinc, Customers, Marketing, Content, Reports, Stores, System, and Find Partners & Extensions. The top header area includes the title 'Add New Question', a search icon, a notification bell with a red '1', and a user profile icon labeled 'admin'. The form itself has a light gray background and contains the following fields:

- Question ***: A large text input field.
- status**: A dropdown menu with 'Approved' selected.
- type**: A dropdown menu with 'Admin' selected.
- SKU ***: A large text input field.
- Name ***: A text input field.
- Email ***: A text input field.
- Store View ***: A dropdown menu with 'All Store Views' selected. The dropdown list shows 'Main Website', 'Main Website Store', and 'Default Store View'.

Below the SKU field, there is a small text提示: 'Please Enter comma separated Skus here'. At the top right of the form, there are three buttons: 'Back', 'Save and Continue Edit', and 'Save Question' (which is highlighted in red).

You Can add manually Answer in backend.

Bluethinkinc -> Answer -> Add Answer

- DASHBOARD
- SALES
- CATALOG
- BLENDING
- CUSTOMERS
- MARKETING
